

Nuriman Hanafi Bin Kadir

SOFTWARE ENGINEERING INTERN

01116208648	nuriman.kadir01@s.unikl.edu.my	11-4 Apartment Melati Impian, Jalan Madrasah Gombak Setia, 53100 Kuala Lumpur.
-------------	--------------------------------	--

Objective	As an intern in the software engineering field, my main goal is to aid in creating and delivering strong software applications through good coding practices, teamwork in designing systems and effective software performance. My aim is to help create a productive agile team by effective communication, problem-solving and gaining knowledge of emerging technologies. I am looking forward for a 4-month IT internship from 3 rd of August until 4 th December 2026 to implement my coding and project management skills.
